

CRYOGENIC TANK SERVICES (CTS)

Hydraulic and Pneumatic Hose Assemblies

Hydraulic and Pneumatic hose assemblies used to deliver liquid or gas at pressure for either the assistance of power or transfer

Features:

- Standard BSP (fm), Crowsfeet, Weco connections with joiners available.
- Supplied in various flexible lengths.
- Working Pressures available up to 26,100psi.
- Suitable for hydraulic and gas applications.
- Visual Checked and Pressure tested (certificate supplied) for every rental.
- Heavy duty.

- Brief Hose specification (specific data sheet available on request):

Airlines 3/4" bore Anti-Static hose assy, weather resistance .. M.W.P 175psi

Transfer 2" bore oil resistant 2SN hose assy, pressure lines, fuel oil, water .. M.W.P. 1160psi

4SP 1/2" bore oil resistant hose assy , hydraulic fluids, water, gas .. M.W.P 6000psi

Polyflex high pressure 1/4" bore hose assy, hydraulic fluids, water, gas .. M.W.P 10,000psi

Polyflex ultra high pressure 1/4" bore hose assy, hydraulic fluids, water, gas .. M.W.P 26,100psi
